About Us

DIGITALiBiz, Inc. (iBiz) is an information technology (IT) and business consulting 8(a) small business providing next generation solutions to commercial and federal government customers including the U.S. Navy. For nearly a decade, iBiz has been maximizing the use of IT systems, business process reengineering, and customer-focused best practices, to implement *Vision & Innovation That Works*.

Navy SeaPort-e Functional Areas

The Navy SeaPort-e contract allows for fast, easy access to procure services in support of U.S. Navy initiatives. As a prime Navy SeaPort-e holder iBiz is able to provide the Naval Sea Systems Command with a broad array of services in Zone 2 including:

- > Engineering, System Engineering, and Process Engineering Support
- > System Design Documentation and Technical Data Support
- > Software Engineering, Development, Programming, and Network Support
- > Configuration Management (CM) Support
- > Quality Assurance (QA) Support
- > Program Support

iBiz Core Competency Areas

Our experience developing effective, scalable, and usable IT solutions helps solve our customers' real-world business problems. We provide strategic and tactical services to support mission objectives through the following core competencies:

- > Enterprise Testing & Evaluation
- > Software Design & Development
- > Systems Engineering & Technical Assistance (SETA)
- > Program Management
- > IT Infrastructure Support

Let us show you how to easily streamline your procurement by using SeaPort-e, the U.S. Navy's contract for professional support services to enhance small business participation. Contact us today!
